

SANDERSON
GROUP (INDIA) PVT. LTD.

Architect – Creative Designer

Our company is a dynamic market leader in the design and construction of entertainment facilities for the Theme Park industry both in Australia and throughout the Asian region. An exciting opportunity exists in our organisation for a full-time, qualified, self-motivated person with proven abilities in the following areas:

- Client liaison and brief formulation
- Concept design and storyboard formulation
- Illustration and graphic presentation
- Design development and contract documentation
- Project management and cost control
- Computer competency in Office, CAD and graphics packages

The candidate:

- Would ideally be a qualified and registered Architect with at least 3 years experience in commercial design with some exposure to theme and theme park design;
- Would need to be a highly creative designer and possess excellent graphic and illustration skills;
- Will be required to work independently, supervising a design office staff up to 5 on a regular basis as well as having regular input into factory production, art direction and quality control.

Please note: The candidate should mention their availability and expected salary in their resume.

Please forward resumes to:
